From the Desk of the Secretary

RURAL SERVICE AGENCY (RUSA)

Palace Compound, Imphal.

FOREWORD

The Rural Service Agency (RUSA), Palace Compound, Imphal was established in the year 1978 with its main objectives of “Multisectorial development without any discrimination in caste, creed, sex and age and community” since 1980. The RUSA has implemented many development programmes for the development of rural people.

For this financial year 2020 – 2021 this organization RUSA is produced its Annual Report with a hope to acknowledge our activities which were taken up during this financial year.

With the financial assistance from various funders, like MSACS- NACO, MSJ&E, Govt. of India, UNM-M & NABARD etc. The RUSA has implemented programmes for the welfare of destitute, Senior Citizens, women and Child welfare programme, economic development of the rural people, Targeted Intervention (TIs) and care support programme of IDU(s) and PLHIV, Imphal East District of Manipur. Livelihood and Enterprise Development Programme, Skill Development Programme and Construction of pick up weir etc.

I hope this Annual Report would be able to understand the function and activities of this organization and to encourage the social workers to do work with dedication for a better society in near future.

And I take this opportunity to acknowledge the contributions made by our dedicated General Body Members, Executive Members, Staff Personals, Village Volunteers to implement our activities successfully in different districts of Manipur State.

(Y. Sileima)
Secretary,
Rural Service Agency

Health Camp:

Rural Service Agency –TI Project had organized a “ONE DAY HEALTH CAMP” at DIC, RUSA New Lambulane on 29th September 2020 from 10: 00 a.m. to 2:00 p.m. the aim of the camp was to access health care facilities for IDUs, spouse and their children and also made them aware on the need of personal hygiene and regular health check – up so that they could stay healthy. During the programme medicines were distributed to the participants and also provided facilities to referred to other health institutions to availed the necessary services and treatment as advised by the physicians. The program was facilitated by Dr. M. Reagan (P.T) RUSA and TI staffs along with local Club members.

Sl. No.	Type of Participant	No. of Participants
1.	IDUs	39
2.	Spouse	11
3.	Children	08
Total		58

Blood Donation Camp:

The Rural Service Agency (RUSA), TI Project, New Lambulane had conducted a Blood Donation Camp in collaboration with the Blood Transfusion Unit, Jawaharlal Nehru institute of Medical Sciences (JNIMS) Imphal East on 27th April 2020. Ten (10) volunteers including two women have voluntarily donated their blood in the camp with the inspiration of their contribution when there is scarcity of blood.

Such an act of voluntarism is highly appreciated by the staff of Blood transfusion unit, JNIMS Imphal East. M. Abhiram, joint Director – TI SACS was special guest in the said programme.

Advocacy Programme:

TI- Project, RUSA team had organized an Advocacy Programmes on 28th September 2020 at K.R. Lane, Imphal East, 28th October 2020 at Purana Rajbari Imphal, 24th December 2020 at Porompat Imphal, and on 17th March 2021 at Golapati Mayai Leikai, Imphal.

The programme started with self-introduction and followed by a discussion cum sharing session on the present scenario of drug abuse among the youths and its impacts in the family and society as a whole which was followed by an awareness session on management areas – DEMAND REDUCTION, SUPPLY REDUCTION, HARM REDUCTION etc

Participants or the stakeholders were very much concerned and also projected their views. The aim of the Advocacy programme was to clearly stated the aims and objective of TI (targeted intervention) programme for Injecting Drug Users (IDUs) with HARM REDUCTION approach as the other two that is DEMAND & SUPPLY areas were quite irrelevant with our T.I programme.

Most of the participants were from the women groups so called MEIRA PAIBI members who had been taking a major role as and when there were any social issues in and outside the state.

Further the T.I staffs, Rural Service Agency (RUSA) made them understand on the Harms associated with Drug Abuse –

Health, Family, Social, Psychological, Financial, Occupational, Legal etc. etc

And also on the components of service provisions –

DIC (Drop –in Centre), Outreach, Referrals & Linkage
The earnest and energetic participation by the women group members with the sincerity of the TI staff RUSA lived up the mission of Advocacy programmes.

Community Event:

TI Project RUSA team had organized a community Event on 26th September 2020 from 10: 00 am to 02:00 pm at DIC, TI project, RUSA, New Lambulane , Imphal East.

The programme started with a formal function and welcoming address by the project manager TI project which was followed by an empowering & motivational speech by Mr. Dr. Reagan T.I project on the pandemic COVID 19 –

- Mode of transmission
- Prevention & Necessary precaution
- Need for maintaining health and hygiene
- Obeying SOP as declared by the Government
- Need for cooperation to the COVID patient and their families

Also made them understand that when one can performed their responsibility fully - care and support without any discrimination only then there will be quality so all of us must give our full effort to make our life more valued and quality.

Participants were the IDUs from project area and the nearby areas of T.I project, RUSA. The aim of the programme was to develop a sense of quality, valued, strength and belongingness within themselves. Then followed by a formation of COVID response team.

The sincere and energetic participation by the KPs and the tremendous efforts of the staff lived up to the objective of the Community Event programme. There have to be small efforts made and each individual counts and help in this initiative strengthening for fighting the pandemic.

Follow up Programme:

The centre has already taken up follow-up activities as directed monitoring visits of Social welfare dept. and Ministry of Social Justice Representative, Govt. of India every year and time to time.

Epic Reading:

The Rural Service Agency has been organized epics reading on observance of International Day of older persons at our Senior Citizens Home at Laiching Nongpok kakching, Imphal East. In the epics reading villagers were also invited. The traditional kind of refreshment was provided to the senior persons.

Health Camp:

The Rural Service Agency had organized one day free health camp on 26th March 2021 at our Senior Citizens Home at Laiching Nongpok Kakching , Imphal East in the Health Camps neighbouring Senior persons also participated Dr. S. Elizabeth BHMS (P.T) RUSA and Smt. M. Amutombi Devi, Nurse RUSA done health check up and distributed medicines for our inmates and other Senior persons.

3. Livelihood & Enterprise Development Programme (LEDP) NABARD:

For providing a sustainable livelihood to SHGs of Imphal West and Kangpokpi, the Rural Service Agency has been implementing a project under Livelihood & Enterprise Development Programme (LEDP) on Mushroom Production Technology in the year 2019 under the financial assistance of National Bank for Agriculture and Rural Development (NBARD). In the initial phase of the project, we implemented the project by covering 150 members selected from 10 credible SHGs who have fulfilled the criteria of Panchasutra and credit linked with banks for more than 6 months in Kangpokpi and Imphal West.

Objective of the programme:-

- Women empowerment
- To provide a sustainable income generating livelihood activities for matured SHGs of Imphal West & Kangpokpi through intensive training programme.
- To promote mushroom cultivation for consumption and sales throughout the year.
- To increase the credit flow in agriculture and allied sector by providing a good platform for financing.
- To provide proper handholding support and social empowerment to SHGs members capacity building, skill upgradation, market orientation etc.
- To provide proper linkages to the SHGs women.

Facilities provided:

- Facilities provided to the SHGs as per the instruction of the national bank for Agriculture & Rural Development (NABARD), Manipur Regional office are listed below:-

1. Training material.
2. Material for conduct and demonstration of technical skills.
3. Rent for Training Location.
4. Boarding charges & fooding.
5. Cost of demonstration Unit.
6. Mentoring hand & Credit linkages.

The implementing agency (RUSA) already taken up activities as per guidance of funding bank for time to time.

4. Skill Development Programme on Modern Electrical Fitting for School Dropout.

The Imphal West District being the most populous district, it has numerous opportunities for the electrician to pursue this profession. For providing a sustainable livelihood to school dropout of Imphal West the Rural Service Agency (RUSA) has been implementing skill development programme of NABARD on modern electrical fitting for school dropout.

Objectives of the programme:

- a. To provide skill development facilities to school dropout students in the Imphal West District of remote corners.
- b. To provide professional training for the poor school dropout.
- c. To provide informal education and empowered the poverty family to developed their economy as well as district economy.

This programme provided a platform to overcome poverty by under taking modern electrical fitting training through capacity building, skill upgradation. So selection of right types of livelihood activity through proper training programme is much necessary for the sustainability of the poor families and especially for the school dropout students.

This profession enhanced their income so also their engagement by typing up with local contractor/ builders in the construction sectors.

5. Construction of Pickup Weir – RIFP (NABARD)

For providing irrigation potential of 22 hectares for double cropping of Imphal West, Manipur, the Rural Service Agency (RSA) implementing construction of pick up weir across Seirok river under Rural Infrastructure Promotion Fund (RIFP) of NABARD.

Introduction:

A weir is an impervious barrier construction across a river to raise the water level on the upstream side. The water is raised up to the required height and the water then flows over the weir. They are also used to prevent flooding, measure discharge and help render a river navigable.

Objectives of the Project:

Construction of pick up weir across Seirok river which is originating from Ima Kounu Lairembi is create irrigation potential of 22 hectare of Khurkhul 38 village, Imphal West, Manipur which is located 16 kms from the Imphal. By constructing a weir and diverting the water through open & closed channel. The project is creation of physical infrastructure for providing assured irrigation facilities for increasing agriculture output by resort to multiple cropping pattern of cultivation. The water can be also used for other purpose as well.

Part IV

Awareness Generation Programme and other Programme

1. Awareness programme on Waste Land Development and tree plantation:

The Rural Service Agency (RUSA), Palace Compound, Imphal, organized an awareness programme on Waste Land Development on **5th June 2020** at Nongdam. The awareness programme aimed for the overall development of the village and people living within Waste Land Development area. Waste Land Development programme gives knowledge for the conservation regeneration and the judicious use of all the resources natural (like land, water plants, animal and human) within the Waste Land Development area. Staffs of RUSA highlighted various uses of natural resources.

Tree plantation:

Tree plantation programme was held at Oksu Village on **28th August 2020**. The programme was organized by Rural Service Agency (RUSA), Palace Compound, Imphal, many villagers of Laikoiching actively participated in the programme. Around 700 plants were distributed to the plantation programme. We had planted various types of plants some of them being tulip, fountain tree, niligul mohar, purplechid tree, scarlet, rain tree etc. Our staff taught the villagers how to plant them and watered the plants. Our volunteers taught them different things about the plants and their health benefits ,uses etc.

2. Legal Act for Women & Child Labour:

The Rural Service Agency (RUSA), Palace Compound, Imphal, had conducted Awareness on Legal Act for Women and Child labour. In this programme discussed about welfare of women, child and child right. All the women labour were very interested to know their rights and duties after having awareness camp at Bishnupur District covering 5 Villages of the District and around 50 Women and Children were present in the said programme. Mr. Y. Pradeepkumar L.L.B, Advocate of RUSA delivered speech on Child Labour (Protection and Regulation) Act 1986 enforced on 26th May 1993 by the central Govt. and the Child labour. (Prohibition and regulation Amendment Act, 2016 published on 29th July 2016. which prohibits employing child (5-14 year old) as labour under the article 24 of the constitution of India and on various scheme related to Child Right that is Integrated Child Development Services (ICDS) scheme. The interactions with the villagers elaborating the Right real children were organized.

Highlighting the new initiatives of RUSA, this organization is concerned at the rising rate of violent crimes against women and taken up through appropriate measures in our rural and urban populations to give a source of inspiration to others for the cause of women's empowerment on the Celebration of "International Women Day "at Nongdam. Mr. Y. Pradeepkumar L.L.B, Advocate delivered speech on consumer Protection Act, Juvenile Justice Act, Human Right Act, Environmental Laws and Labour laws.

3. Environment & Global Warming protection Programme:-

Under this programme Rural Service Agency (RUSA) had organized Environment and Global warming protection programme at different villages of Imphal West District, Manipur. And given training of water and soil conservation to the volunteers youth leaders & Villages of the District. The training was conducted for 2 days at Imphal West Villages. Resource person M. Saratchandra Singh, Agri Officer and DDM–NABARD gave knowledge of latest technique of water and soil conservation measure like construction of check dams, percolation Tank, gully plugs, contour bunding bench terracing etc.

4. One day awareness programme on COVID – 19.

One day awareness programme on COVID – 19 has been organized by RUSA at Senior Citizens Home at Laiching Nongpok Kakching on 30th August 2020. Keeping an aim to combat Corona virus and to safe the older persons from this dreadful pandemic COVID – 19. The programme was conducted in collaboration local club members and Pradhan as guest for the said programme. In the programme Smt. Y. Sileima, Secretary RUSA distributed essential items such as masks, sanitizers and gloves etc to fight COVID – 19 to the club members as a little contribution for the welfare of the Villages neighboring of the Senior Citizens Home. During the programme precautionary measures for COVID – 19 such as social distancing regular health check up to restrict movement to say hygienic etc are being delivered by Dr. S. Elizabeth P.T. Doctor of RUSA along with M. Amutombi Devi Nurse, RUSA.

5. Youth Development Programme.

One day youth development programme had organized by RUSA at Nongpok Kakching with local club, youths, meira paibi and volunteers. In connection with international youth day. Many youths of the Village are participated in the programme till the end they are highly cooperated with the organizer and showed their sincerity and interest towards the programme. Active volunteers, Counselor of the RUSA delivered their speech and encouraged the participants towards development. The main objective a programme is to enable youth to just participate in safe environment free from pressures associated with violences and substance abuse.
